Intro

You are being asked to complete a survey that will take approximately 10 minutes.

The survey is being conducted by researchers at the University of California, Berkeley. The researchers are interested in studying what people learn from television, newspapers, magazines, and the like.

The data that the researchers will collect will be stored at a secure location. No identifying information about you will be made public. Only statistical summaries of the survey responses will be presented in research journals or academic conferences.

Your participation is voluntary. You will receive $0.50 for completing the survey, paid through Amazon Mechanical Turk.

There are no known risks associated with this study.

Although this study will not benefit you personally, the research is likely to add to our scientific knowledge.

To participate in the study, you must be at least 18 years old and be a U.S. resident.

If you have any questions about the survey, please contact Douglas Ahler at dahler (at) berkeley (dot) edu.

If you agree to take the survey, please click "I agree" below.

- ○ I agree
- ○ I do not agree

Additional intro for timing

We are interested in learning more about how people make judgments under time pressure. As such, **these questions have time limits**. Each screen will have a counter showing you how much time you have to respond.

Some of these questions are hard. **We ask that you try your best to answer correctly.** However, you will receive compensation for participating regardless of your performance on these questions.

Please click next to continue.

We are interested in learning more about how people make judgments when they think carefully about the questions at hand. As such, **you will be required to spend a certain amount of time on each screen**. Each screen will have a counter showing you how much time you have before you can advance.

Some of these questions are hard. **We ask that you try your best to answer thoughtfully and correctly.** However, you will receive compensation for participating regardless of your performance on these questions.

Please click next to continue.

Party composition: Text entry, Percentage

What percentage of Republicans do you think...?

Earn over $250,000 per year		%
Are age 65 or older		%
Are from the South		%
Are Evangelical Christian		%

What percentage of Democrats do you think...?

Belong to a union		%
Are atheist or agnostic		%
Are black		%
Are gay, lesbian, or bisexual		%

Party composition: Text entry, Out of 100

Out of every 100 Republicans, how many do you think...?

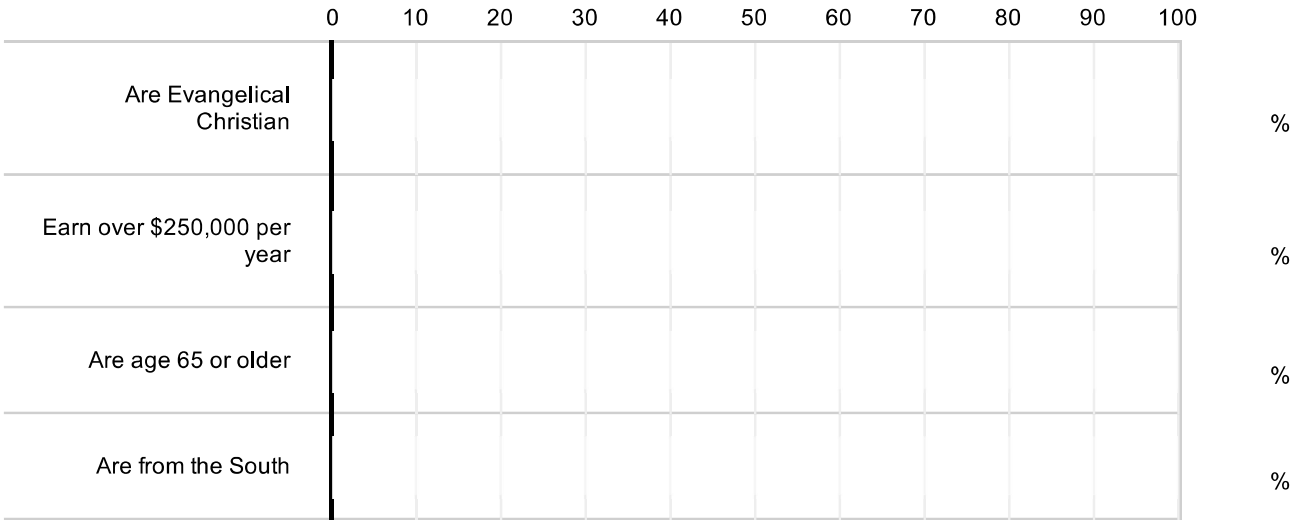

Are age 65 or older	
Earn over $250,000 per year	
Are from the South	
Are Evangelical Christian	

Out of every 100 Democrats, how many do you think...?

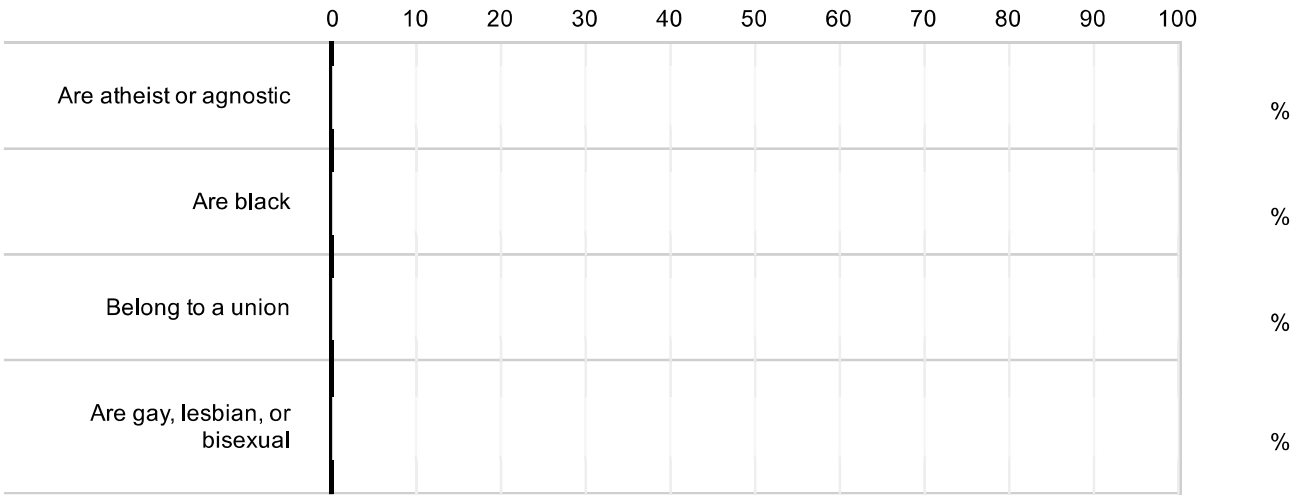

Are gay, lesbian, or bisexual	
Are black	
Belong to a union	
Are atheist or agnostic	

Party composition: Sliders, Percentage

What percentage of Republicans do you think...?

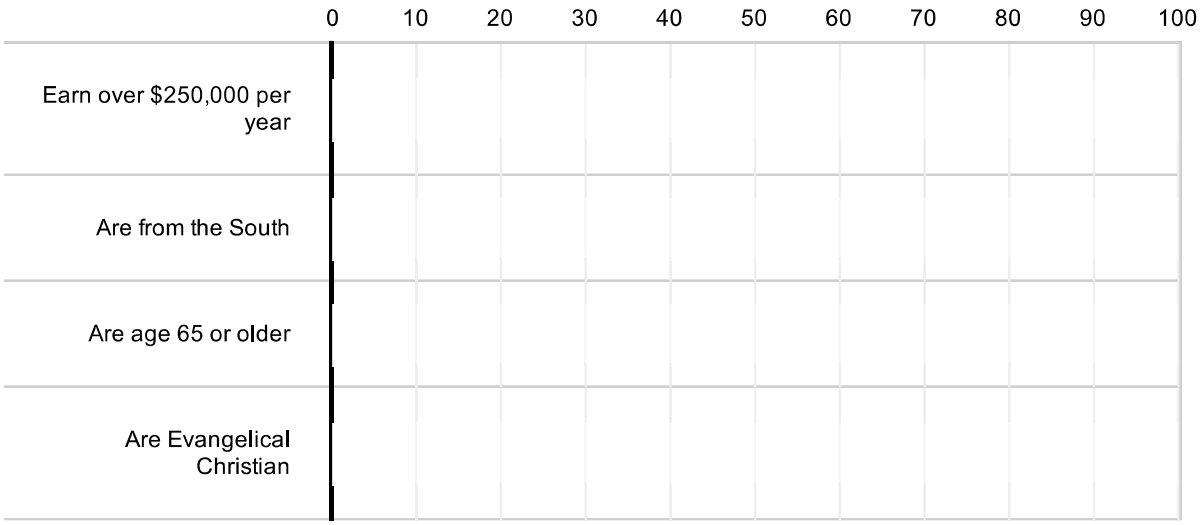

What percentage of Democrats do you think...?

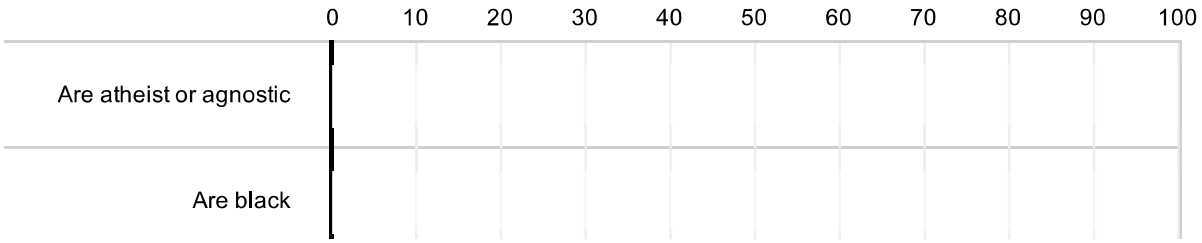

Party composition: Sliders, Out of 100

Out of every 100 Republicans, how many do you think...?

Out of every 100 Democrats, how many do you think...?

Belong to a union										
Are gay, lesbian, or bisexual										

Numeracy questions 1

Someone rolls a fair, six-sided die 1,000 times.

On average, how many times would the die come up as an even number?

There is a 1% chance of winning a $10 prize in the Megabucks Lottery.

On average, how many people would win the $10 prize if 1,000 people each bought a single ticket?

Soda: Text entry, Percentage

What percentage of Americans do you think drink diet soda?

%

What percentage of American men do you think drink diet soda?

%

What percentage of American women do you think drink diet soda?

%

Soda: Text entry, Out of 100

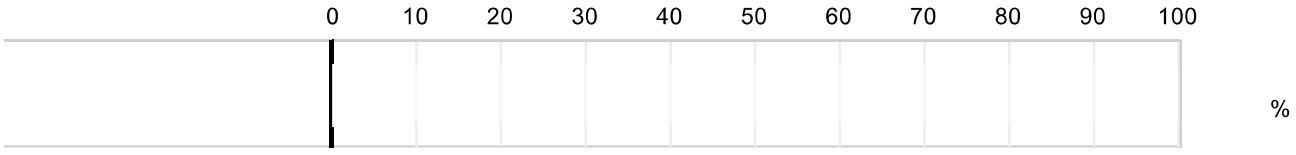

Out of every 100 Americans, how many do you think drink diet soda?

Out of every 100 American men, how many do you think drink diet soda?

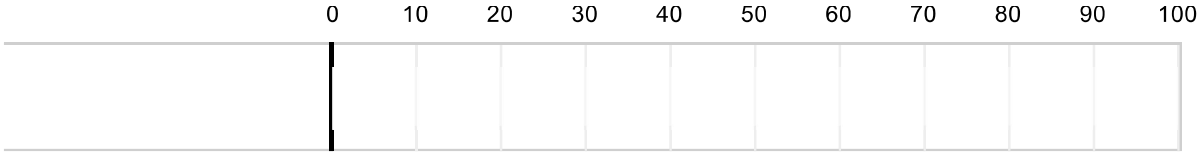

Out of every 100 American women, how many do you think drink diet soda?

Soda: Slider, Percentage

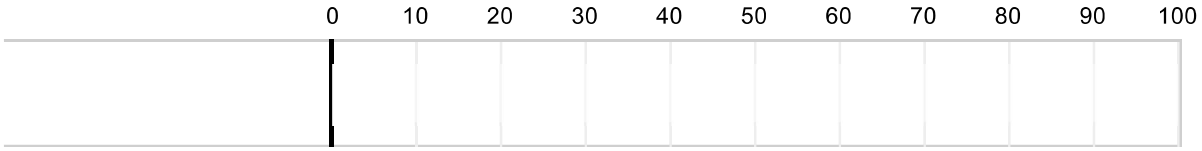

What percentage of Americans do you think drink diet soda?

What percentage of American men do you think drink diet soda?

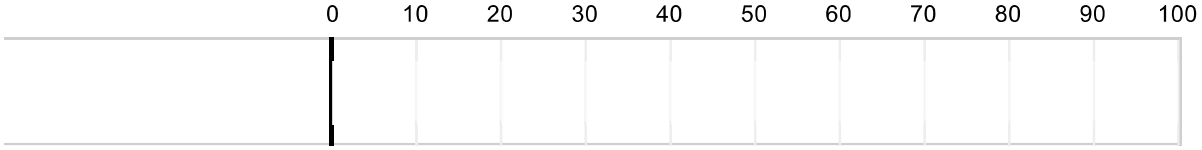

What percentage of American women do you think drink diet soda?

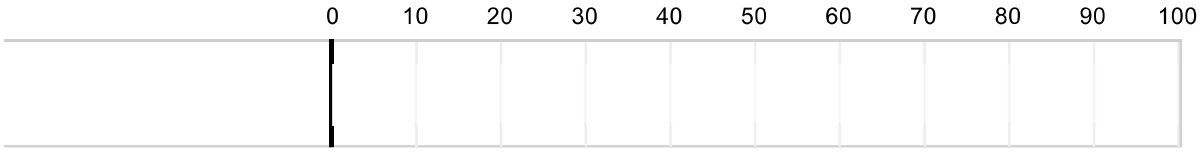

Soda: Slider, Out of 100

Out of every 100 Americans, how many do you think drink diet soda?

Out of every 100 American men, how many do you think drink diet soda?

Out of every 100 American women, how many do you think drink diet soda?

Numeracy questions 2

Which of the following numbers represents the biggest risk of getting a disease?

- 1 in 12
- 1 in 37

In the PCH Sweepstakes, the chances of winning a car are 1 in 1,000. What percent of PCH Sweepstakes tickets win a car?

Immigration: Text entry, Percentage

What percentage of people living in the United States do you think were born in another country?

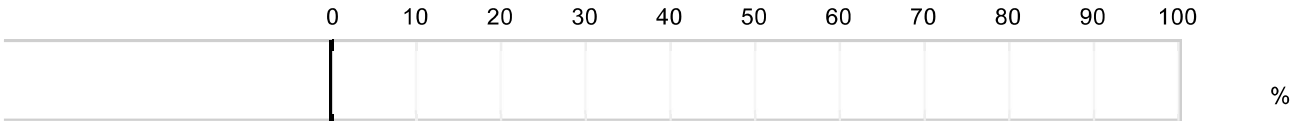

%

Immigration: Text entry, Out of 100

Out of every 100 people living in the United States, how many do you think were born in another country?

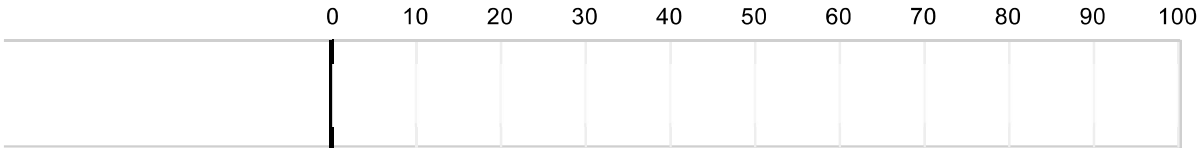

Immigration: Slider, Percentage

What percentage of people living in the United States do you think were born in another country?

Immigration: Slider, Out of 100

Out of every 100 people living in the United States, how many do you think were born in another country?

Timing: Democratic Composition, Fast

Bayes: Democratic Base Rates

What percentage of American adults do you think...?

Belong to a union		%
Are gay, lesbian, or bisexual		%

Bayes: Democratic Base Rate Correction

Thanks for answering those questions! Here are the correct answers. **We will re-quiz you on these at the end of the survey.** If you answer the re-quiz questions correctly, you will receive a **10-cent bonus** through MTurk within a week.

You overestimated the percentage of Americans who are gay, lesbian, or bisexual. You guessed ${q://QID81/ChoiceTextEntryValue/1}%, but just **3.8% of Americans are gay, lesbian, or bisexual.**

You overestimated the percentage of Americans who belong to a union. You guessed ${q://QID81/ChoiceTextEntryValue/2}%, but just **11.3% of Americans belong to a union.**

You underestimated the percentage of Americans who are gay, lesbian, or bisexual. You guessed ${q://QID81/ChoiceTextEntryValue/1}%, but **3.8% of Americans are gay, lesbian, or bisexual.**

You underestimated the percentage of Americans who belong to a union. You guessed ${q://QID81/ChoiceTextEntryValue/2}%, but **11.3% of Americans belong to a union.**

Bayes: Democratic Group Composition

Among American adults who are gay, lesbian, or bisexual, what percentage do you think are...?

(Your answers do not need to sum to 100, since people may be independent.)

Democrats		%
Republicans		%

Among American adults who belong to a union, what percentage do you think are...?

(Your answers do not need to sum to 100, since people may be independent.)

Democrats		%
Republicans		%

Bayes: Democratic Group CORRECTION

Thanks for answering those questions! Here are some correct answers. **At the end of the survey, we will re-quiz you on these facts.** If you answer the re-quiz questions correctly, you will receive a **10-cent bonus** through MTurk within a week.

You overestimated the percentage of gay, lesbian, and bisexual Americans who are Democrats. You guessed ${q://QID83/ChoiceTextEntryValue/1}%, but just **63.1% of gay, lesbian, and bisexual Americans are Democrats.**

You overestimated the percentage of union members who are Democrats. You guessed ${q://QID84/ChoiceTextEntryValue/1}%, but just **41.9% of Americans who belong to a union are Democrats.**

You underestimated the percentage of union members who are Democrats. You guessed ${q://QID84/ChoiceTextEntryValue/1}%, but **41.9% of Americans who belong to a union are Democrats.**

You underestimated the percentage of gay, lesbian, and bisexual Americans who are Democrats.

You guessed ${q://QID83/ChoiceTextEntryValue/1}%, but **63.1% of gay, lesbian, and bisexual Americans are Democrats.**

PK Battery as Distractor

Now we have a few questions about current events. Some of these are hard. Please do the best you can without looking answers up.

In how many U.S. states are gay and lesbian couples legally allowed to marry?

- 0
- 22
- 36
- 50

In which U.S. state did protests first bring widespread attention to the Black Lives Matter movement?

- Missouri
- Illinois
- Maryland
- Mississippi

The First Amendment to the Constitution protects which of these rights?

- Freedom of the press
- Right to vote
- Right to bear arms
- Equal protection under the law

Which of the following statements accurately describes the U.S. House of Representatives?

- The Democratic Party controls 90% of seats and the Republican Party controls 10%
- The Democratic Party controls 57% of seats and the Republican Party controls 43%
- The Democratic Party controls 43% of seats and the Republican Party controls 57%
- The Democratic Party controls 10% of seats and the Republican Party controls 90%

Which of these countries is not a member of the European Union (EU)?

- Russia
- Greece
- Germany
- Bulgaria
